Three Wheelers Tricycle Regulator Assy AF 2010 36 For BAJAJ RE

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: WAY-C
- Model Number: BAJAJ RE
- Minimum Order Quantity: 200 pcs
- Price: RMB 50-80 pcs
- Packaging Details: Box/Nylon
- Delivery Time: 5-40 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000 pcs per month

Product Specification

- Application: Tricycle
- Material: Metal
- Package: Carton Box
- Type: Tricycle Electrical Parts
- Warranty: 1 Year
- Highlight: **Three Wheelers Regulator Assy,
Tricycle Regulator Assy, AF 2010 36**

Product Description

AF 2010 36 Three Wheelers Tricycle BAJAJ RE Regulator Assly

Production:

If the engine of the motorcycle does not go through the rectifier, the voltage fluctuates greatly with the lower speed of the engine, and it is easy to damage the electrical appliances, such as high-voltage bags, bulbs, and rectifiers as long as they play a voltage regulator, no matter how many volts the output of the engine is, they are 11 to 12.5 volts after the rectifier.

The rectifier of the motorcycle is responsible for rectification and voltage regulation, and the electricity emitted by the magneto of the motorcycle is alternating current, and it is unstable, which is proportional to the engine speed, and the voltage can be up to more than 60 volts!

The electrical appliances of the motorcycle can not stand it, the rectifier of the motorcycle is to rectify the alternating current emitted by the magneto into direct current, and then adjust it to about 14 volts for the electrical appliances on the car, including battery charging, if the rectifier is broken, the battery will naturally not be charged, the rectifier is damaged and some have no voltage output (most), and some output voltage is super high, and it should be replaced as soon as possible.

Name	Regulator
Parts NO.	AF 2010 36
Model	BAJAJ RE
Packing	Box/Nylon
Place of original	China
Shipping	Sea
QTY/CTN	100pcs

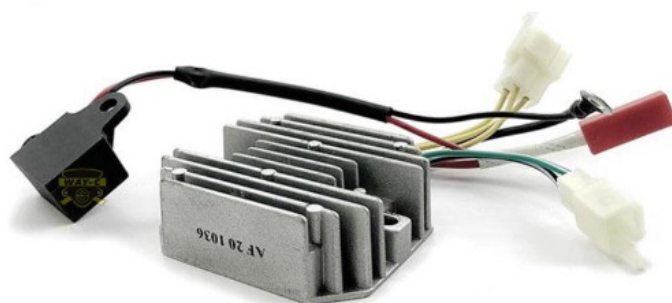

Feature:

Low Maintenance

Durable Construction

Compatibility

Spare Parts Availability

FAQ:

Q1: What is material of Regulator?

A1: The Regulator made from metal.

Q2: How is the Regulator packaged?

A2: The Regulator is packaged in box, 100pcs in a carton.

Q3: What is the specific part number for the Regulator?

A3: The specific part number for the TRegulator is AF 2010 36 .

Q4: Where is the Regulator manufactured?

A4: The Regulator is manufactured in China.
