At WAY-C, we understand the importance of responsive braking in ensuring rider safety. Our Motorcycle Brake Pedal Assembly for the TVS NEO 110 is engineered to deliver exceptional performance and precise control in all riding conditions.

**Enhanced Braking Control:** Our Brake Pedal Assembly features an ergonomic design that provides improved foot-to-pedal contact, resulting in enhanced control and responsiveness during braking. This allows for precise modulation of braking force, promoting safer and more confident riding.

**High-Quality Construction:** Crafted from premium materials, our Brake Pedal Assembly is built to withstand the rigors of daily riding. It offers excellent durability, corrosion resistance, and long-lasting performance, ensuring a reliable braking system for your TVS NEO 110.

**Direct Fitment:** Our assembly is designed as a direct replacement for the original brake pedal of the TVS NEO 110. It ensures a seamless installation process without any modifications required, allowing you to upgrade your motorcycle easily and quickly.

**Safety and Reliability:** With our Brake Pedal Assembly, you can ride with peace of mind, knowing that you have a reliable braking component installed. The assembly undergoes rigorous quality control measures to meet industry standards, ensuring optimal performance and safety.

**Improved Aesthetics:** Along with its functional benefits, our Brake Pedal Assembly also adds a touch of style to your TVS NEO 110. Its sleek design and high-quality finish complement the overall appearance of your motorcycle, enhancing its visual appeal.

Upgrade your Brake Pedal Assembly with our high-quality Motorcycle Brake Pedal Assembly and experience improved braking performance, control, and overall riding safety. Trust in the reliability and durability of our assembly, designed specifically for the TVS NEO 110 model.
