## Product Description

### 36PF0010 Motorcycle Kit Chain Sprocket for BAJAJ BOXER BM 150

#### Products Description

Product name	CHAIN SPROCKET KIT
Model	BM 150
Materials	Steel
Parts NO	36PF0010
Packing	Box
Shipping	Sea/Air
Place of origin	Guangzhou,China

The chain sprocket kit for the Bajaj Boxer BM150 motorcycle is a key component. The Bajaj Boxer BM150 is a motorcycle model manufactured by Bajaj Auto, an Indian automobile company. Here is some information about the chain sprocket kit for the Bajaj Boxer BM150:

**Function:** The chain sprocket kit is an essential part of the motorcycle's drivetrain system. It consists of the chain and sprockets that work together to transfer power from the engine to the rear wheel. The sprockets are connected to the engine and the rear wheel, while the chain meshes with the sprockets, enabling the transfer of torque.

**Components:** The chain sprocket kit typically includes three main components: the front sprocket (attached to the engine output shaft), the rear sprocket (attached to the rear wheel), and the drive chain that connects the two sprockets. These components work in unison to transmit power and facilitate smooth acceleration and gear changes.

**Wear and Replacement:** The chain and sprockets are subject to wear and tear over time due to normal usage. Regular maintenance, such as cleaning, lubrication, and tension adjustment, can help prolong their lifespan. However, eventually, the chain and sprockets may need to be replaced to maintain optimal performance and safety. Signs of wear include stretched or loose chains, worn-out or damaged teeth on the sprockets, or excessive noise and vibrations during operation.

**Compatibility:** When purchasing a chain sprocket kit for the Bajaj Boxer BM150, it is important to ensure compatibility with the specific model and variant. The kit should be designed to fit the BM150's drivetrain specifications, including the correct number of teeth on the sprockets and the appropriate length and pitch of the chain.

To obtain a chain sprocket kit for your Bajaj Boxer BM150, it is advisable to contact authorized Bajaj Auto dealerships or reputable motorcycle parts suppliers. They can provide you with the appropriate chain sprocket kit that is compatible with your specific Bajaj Boxer BM150 model.

## Why Choose Us

### OUR ADVANTAGES

GUANGZHOU WAY-C TRADING CO.,LTD.

## Why choose us?

- ◆ 1. High quality: Using high quality material and establishing a strict quality control system, assigning specific persons in charge of each part of production, from raw material purchase to assembly.
- ◆ 2. Professional models for motorcycle parts and three wheeler parts, we have one group to focus on the new models parts, so welcome to OEM and ODM orders
- ◆ 3. Fast dispatch: Most of the products are in stock. Quality below 100pcs can be delivered within 15 days.
- ◆ 4. Small order accepted: Low MOQ accepted. 50pcs are available.

## FAQ

### We are here.

1. who are we?

We are based in Guangdong, China, start from 2010, sell to Mid East(30.00%), Africa(40.00%), South Asia(10.00%), South

America(10.00%),Southeast Asia(10.00%)There are total about 5-10 people in our office.

2. how can we guarantee quality?

Always a pre-production sample before mass production;

Always final Inspection before shipment;

3.what can you buy from us?

Tricycle,Motorcycle,Scooter,Modified,Bicycle and Other Spare Parts

4. why should you buy from us not from other suppliers?

Our company is a professional manufacturer and exporter that is concerned with the design, development and production of motorcycle ,tricycle and bicycle spare parts,our aim is :To survive by quality,reform and development.Building team spirit .

5. what services can we provide?

Accepted Delivery Terms: FOB,EXW ;

Accepted Payment Currency:USD;

Accepted Payment Type: T/T,MoneyGram,PayPal,Western Union,Cash;

Language Spoken:English,Chinese,Espanish,French
