

G4320570 Motorcycle TAXI TUKTUK Accessories Tricycle Bendix Drive For TVS KING

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: WAY-C
- Model Number: TVS KING
- Minimum Order Quantity: 100 pieces
- Price: \$5.00/pieces 200-1000 pieces
- Packaging Details: Box+Carton
- Delivery Time: 30-45days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 200000 Piece/Pieces per Month

Product Specification

- Model: TVS KING
- Product Name: Bendix
- MOQ: 100 PCS
- Material: Alloy
- Quality: High Qaulity
- Shipping: Sea Transport.Air Transport Air Express
- Port: NANSHA/HUANGPU, GUANGZHOU
- Parts NO: G4320570
- Highlight: TUK TUK Accessories, Motorcycle Bendix Drive , G4320570

Product Description

G4320570 Moto TAXI TUKTUK Accessoire Tricycle Bendix Drive For TVS KING

Products Description

Product name	Bendix
Model	TVS KING
Materials	Alloy
Parts NO	G4320570
Packing	Box
Shipping	Sea/Air
Place of origin	Guangzhou,China

The bendix, also known as the clutch one-way bearing, is an important transmission component in motorcycles. It is located between the engine and the transmission and is primarily used to control the power transfer between the clutch and the transmission system.

The main function of the bendix is to allow power from the engine to be transmitted in one direction to the transmission while preventing reverse torque from being transmitted back to the engine, reducing inertia and related mechanical shocks during deceleration. When the rider decelerates or releases the throttle, the bendix automatically disengages, allowing the engine to rotate freely without affecting the vehicle's deceleration. However, when the rider accelerates, the bendix effectively transfers the engine's power to the transmission, propelling the motorcycle forward.

The bendix typically consists of two cylindrical bearings, an inner bearing connected to the crankshaft, and an outer bearing connected to the clutch or transmission. The rolling elements, such as balls or rollers, between the inner and outer bearings allow free rotation in one direction while providing resistance in the opposite direction, enabling one-way power transmission.

OUR ADVANTAGES

GUANGZHOU WAY-C TRADING CO.,LTD.

Why choose us?

- ◆ 1. High quality: Using high quality material and establishing a strict quality control system, assigning specific persons in charge of each part of production, from raw material purchase to assembly.
- ◆ 2. Professional models for motorcycle parts and three wheeler parts, we have one group to focus on the new models parts, so welcome to OEM and ODM orders
- ◆ 3. Fast dispatch: Most of the products are in stock. Quality below 100pcs can be delivered within 15 days.
- ◆ 4. Small order accepted: Low MOQ accepted. 50pcs are available.
