## PULSAR NS 200

Bajaj Pulsar NS200 is a motorcycle model produced by Indian motorcycle manufacturer Bajaj Auto. Below is the general information about the Pulsar NS200 instrument:

The Pulsar NS200 is equipped with a digital dashboard to provide the rider with vehicle-related information and data. Its instrument panel usually consists of a digital display that displays the following information: Speed: The current vehicle speed is displayed in digital form. RPM: Engine RPM is displayed digitally. Trip information: It can display information such as current mileage, total mileage and remaining fuel level. Fuel indicator: Shows the amount of fuel remaining or the amount of fuel in the tank. Temperature indicator: Displays the temperature of the engine coolant.

Warning lights: It may be equipped with some warning indicators, such as engine failure lights, oil pressure warning lights, etc., to remind riders of abnormal conditions in the vehicle.
