5VL-F5445-01 Steel Motorcycle Rear Fender YBR125 With 45T-14T-428H Sprocket Chain Kit

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: WAY-C
- Model Number: YAMAHA YBR125
- Minimum Order Quantity: 100 pieces
- Price: \$3.00/pieces 100-990 pieces
- Packaging Details: Box+CARTON
- Delivery Time: 30-45days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 20000 Piece/Pieces per Month

Product Specification

- Model: YAMAHA YBR125
- Product Name: Sprocket Chain Kit
- MOQ: 100PCS
- Material: Steel
- Quality: High Quality
- Shipping: Sea Transport.Air Transport Air Express
- Port: NANSHA/HUANGPU, GUANGZHOU
- Parts NO: 5VL-F5445-01
- Highlight: Steel Motorcycle Rear Fender,
Motorcycle Sprocket Chain Kit, 5VL-F5445-01

Product Description

5VL-F5445-01 YAMAHA YBR125 with 45T-14T-428H Sprocket Chain Kit

Products Description

Product name	Motorcycle Rear Fender
Model	YAMAHA YBR125
Materials	Steel
Parts NO	5VL-F5445-01
Packing	Box
Shipping	Sea/Air
Place of origin	Guangzhou,China

The chain sprocket kit for the YAMAHA YBR125 motorcycle is a key component. The YAMAHA YBR1250 is a motorcycle model manufactured by YAMAHA Auto, an Indian automobile company. Here is some information about the chain sprocket kit for the YAMAHA YBR125:

Function: The chain sprocket kit is an essential part of the motorcycle's drivetrain system. It consists of the chain and sprockets that work together to transfer power from the engine to the rear wheel. The sprockets are connected to the engine and the rear wheel, while the chain meshes with the sprockets, enabling the transfer of torque.

Components: The chain sprocket kit typically includes three main components: the front sprocket (attached to the engine output shaft), the rear sprocket (attached to the rear wheel), and the drive chain that connects the two sprockets. These components work in unison to transmit power and facilitate smooth acceleration and gear changes.

Wear and Replacement: The chain and sprockets are subject to wear and tear over time due to normal usage. Regular maintenance, such as cleaning, lubrication, and tension adjustment, can help prolong their lifespan. However, eventually, the chain and sprockets may need to be replaced to maintain optimal performance and safety. Signs of wear include stretched or loose chains, worn-out or damaged teeth on the sprockets, or excessive noise and vibrations during operation.

Compatibility: When purchasing a chain sprocket kit for the YAMAHA YBR125, it is important to ensure compatibility with the specific model and variant. The kit should be designed to fit the BM150's drivetrain specifications, including the correct number of teeth on the sprockets and the appropriate length and pitch of the chain.

To obtain a chain sprocket kit for your YAMAHA YBR125, it is advisable to contact authorized Bajaj Auto dealerships or reputable motorcycle parts suppliers. They can provide you with the appropriate chain sprocket kit that is compatible with your

specific YAMAHA YBR125 mode.

Why Choose Us

OUR ADVANTAGES

GUANGZHOU WAY-C TRADING CO.,LTD.

Why choose us?

- ◆ 1. High quality: Using high quality material and establishing a strict quality control system, assigning specific persons in charge of each part of production, from raw material purchase to assembly.
- ◆ 2. Professional models for motorcycle parts and three wheeler parts, we have one group to focus on the new models parts, so welcome to OEM and ODM orders
- ◆ 3. Fast dispatch: Most of the products are in stock. Quality below 100pcs can be delivered within 15 days.
- ◆ 4. Small order accepted: Low MOQ accepted. 50pcs are available.
