Products Description

Product name	Motorcycle Side Stand
Model	YAMAHA FZ16
Materials	Iron
Parts NO	21C-F7311-00
Packing	Box
Shipping	Sea/Air
Place of origin	Guangzhou,China

Motorcycle side stand, also known as a kickstand or sidestand, is a device designed to provide stability and support to a parked motorcycle when it is not in use. The side stand is typically located on the left-hand side of the motorcycle and is attached to the frame or chassis.

The main purpose of a motorcycle side stand is to allow riders to park their motorcycles easily and securely without having to rely on external supports or surfaces. When the side stand is deployed, it holds the motorcycle in an upright position, preventing it from tipping over or falling.
