Product Description

AN101257 Tricycle TUKTUK MOTO TAXI Engine Guide Chain Tensioner for BAJAJ RE

Products Description

Product name	Motorcycle Tensioner
Model	BAJAJ RE
Materials	Plastic
Parts NO	AN101257
Packing	Box
Shipping	Sea/Air
Place of origin	Guangzhou,China

WAY-C

Tricycle tensioner, in the context of a tricycle or trike, usually refers to a component that helps maintain proper tension on the drive chain. The drive chain is responsible for transferring power from the pedals to the rear wheels, propelling the tricycle forward.

The tensioner is designed to keep the drive chain at the appropriate tension, which is necessary for smooth and efficient power transmission. It prevents the chain from becoming too loose or too tight during operation, which can lead to issues such as chain skipping, excessive wear, or even chain derailment.
