The HONDA ACE CB125 is a popular motorcycle model that was produced by HONDA. the HONDA ACE CB125 was still in production and featured a kick starter in addition to an electric starter. The kick starter on the HONDA ACE CB125 serves as a backup option in case the electric starter fails or when the battery is low.

The kick starter on the HONDA ACE CB125 is typically located on the right side of the motorcycle, near the footrest. To start the engine using the kick starter, Ensure that the motorcycle is in a stable position, with the side stand up and the transmission in neutral. It's also a good idea to pull in the clutch lever to disengage the transmission.
