Place of origin	Guangzhou,China

Upgrade your BAJAJ PULSAR 180 motorcycle with our premium front disc plate and experience unparalleled braking performance. Our front disc plates are meticulously designed to deliver exceptional stopping power and durability, ensuring you have full control over your bike's braking system.

Crafted with precision from high-quality materials, our front disc plates are engineered to withstand the most demanding braking conditions. With their precise fit and compatibility with the BAJAJ PULSAR 180 model, installation is a breeze, allowing you to quickly enhance your bike's braking capabilities without any hassle.

Not only do our front disc plates provide superior performance, but they also offer excellent heat dissipation properties. This ensures that your brakes stay cool even during intense braking, reducing the risk of brake fade and maintaining consistent braking efficiency.

By choosing our front disc plate specifically tailored for the BAJAJ PULSAR 180, you can ride with confidence, knowing that you have a reliable and high-performing braking component. Experience the difference and enjoy the enhanced braking performance that our front disc plates bring to your BAJAJ PULSAR 180.
