WAY-C G4040280 TUKTUK Tricycle Parts Carburetor TVS KING

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: WAY-C
- Model Number: TVS KING
- Minimum Order Quantity: 40 pieces
- Packaging Details: Box+CARTON
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 20000 Piece/Pieces per Month

Product Specification

- Model: TVS KING
- Product Name: Carburetor
- MOQ: 40PCS
- Material: Alloy
- Quality: High Quality
- Shipping: Sea Transport, Air Transport, Air Express
- Port: NANSHA/HUANGPU, GUANGZHOU
- Parts NO: G4040280
- Highlight: **TVS KING Tricycle Parts Carburetor, G4040280 Tricycle Parts Carburetor**

Product Description

WAY-C G4040280 TUKTUK Tricycle Parts Carburetor TVS KING

Products Description

The WAY-C G4040280 TUKTUK Tricycle Parts Carburetor is an essential component designed for the TVS KING three-wheeler. This carburetor plays a critical role in regulating the air-fuel mixture that is delivered to the engine, ensuring optimal performance, fuel efficiency, and smooth engine operation. Manufactured to meet high-quality standards, the carburetor ensures a consistent fuel supply, providing reliable starting and acceleration under various operating conditions. It is designed for durability, with resistance to wear and corrosion, ensuring long-lasting functionality in demanding environments.

Manufacturing Process: The production of the G4040280 carburetor involves a precise and controlled manufacturing process. First, the individual components, such as the main body, float, and jets, are made from high-quality materials that can withstand wear and the corrosive effects of fuel. These parts undergo rigorous machining to ensure precise measurements and fitment. The components are then carefully assembled by skilled technicians, ensuring that all parts are correctly aligned for optimal performance. The carburetor undergoes extensive testing to check for air-fuel mixture accuracy, fuel flow consistency, and engine response.

This carburetor is ideal for use in the TVS KING TUKTUK, enhancing engine efficiency and performance while ensuring a reliable fuel delivery system for the vehicle.

Product name	Motorcycle Carburetor
Model	TVS KING
Materials	Alloy
Parts NO	G4040280
Packing	Box
Shipping	Sea/Air
Place of origin	Guangzhou, China

CARBURETOR TVS KING

NO C216 Baiyun Motorcycle Parts Market
Baiyun District Guangzhou China

To better understand, let's discuss what a motorcycle carburetor TVS KING G4040280 actually is. In the simplest terms, the job of a motorcycle "carburetor" or a series of multiple carburetors is to create a combustible mixture of gasoline and air that powers the engine and creates the driving force that propels the vehicle forward. Carburetors have been updated, modernized, and improved over the years; however, the basic premise of mixing fuel and air has not changed.

How does a carburetor TVS KING G4040280 work? So, what does a carburetor do? How does a motorcycle carburetor work?

The job of a carburetor is to provide an air/fuel mixture to an internal combustion engine. The carburetor TVS KING G4040280 regulates the flow of air through the main bore (the flow of air sucks in fuel, and the mixture enters the engine through the intake valves). The carburetor consists of a bowl, center bore, passages, jets, vents, slides, enricher (aka choke), idle speed adjustment, air/fuel ratio adjustment, and usually an accelerator pump.

Why Choose Us

OUR ADVANTAGES

GUANGZHOU WAY-C TRADING CO.,LTD.

Why choose us?

- ◆ 1. High quality: Using high quality material and establishing a strict quality control system, assigning specific persons in charge of each part of production, from raw material purchase to assembly.
- ◆ 2. Professional models for motorcycle parts and three wheeler parts, we have one group to focus on the new models parts, so welcome to OEM and ODM orders
- ◆ 3. Fast dispatch: Most of the products are in stock. Quality below 100pcs can be delivered within 15 days.
- ◆ 4. Small order accepted: Low MOQ accepted. 50pcs are available.
