Product Description

N8020190A Motorcycle Engine Crank Shaft Assy For TVS STAR HLX125

Products Description

The N8020190A Motorcycle Engine Crank Shaft Assy is a high-performance crankshaft assembly designed specifically for the TVS Star HLX125. This essential engine component is responsible for converting the linear motion of the pistons into rotational motion, which drives the motorcycle's wheels. Made from high-quality materials, the crankshaft ensures long-lasting durability, reliable performance, and smooth engine operation. It is engineered to withstand high operational stresses, offering excellent resistance to wear and fatigue, making it a crucial part for maintaining the engine's efficiency.

Features:

Durable Construction: Crafted from high-strength steel for superior wear resistance and longevity.

Precision Engineering: Manufactured with precise machining to ensure smooth rotation, optimal engine balance, and minimal vibration.

Enhanced Efficiency: Designed to improve fuel efficiency and overall engine power output.

Easy Installation: Tailored for a perfect fit in TVS Star HLX125, ensuring a hassle-free replacement and quick installation.

Applications: The N8020190A Crank Shaft Assy is specifically designed for the TVS Star HLX125 motorcycle, contributing to smoother operation, improved fuel efficiency, and better overall engine performance. It is ideal for both daily commuting and longer trips, ensuring reliable service in all riding conditions.
